

## CABLE MANAGEMENT – Horizontal & Vertical

### APPLICATIONS:

Network Facilities / Data Center Computer Rooms / Telecommunication Rooms / Equipment Rooms

### HORIZONTAL CABLE MANAGERS:

The metal rackable cable managers are used to organize horizontal cable runs on racks and cabinets. Mounts to standard EIA 19" racks or cabinets using one or two RU space. Light weight, easy to install, and high strength steel.

#### Key Features:

- Steel Construction
- Choices include units with aluminum swing cover.
- Extra deep 5" versions available

Part Number	Description
SHCM1901-BK	HORIZONTAL 19" MANAGERS, 1U, 4-RING, 3.50"D, BLACK
SHCM1902-BK	HORIZONTAL 19" MANAGERS, 2U, 4-RING, 3.50"D, BLACK
SHCMC1901-BK	HORIZONTAL 19" MANAGERS, 1U, 6-RING, 3.50"D, W/HINGING COVER, BLACK
SHCMC1902-BK	HORIZONTAL 19" MANAGERS, 2U, 6-RING, 3.50"D, W/HINGING COVER, BLACK

### VERTICAL CABLE MANAGERS:

#### 45U FINGER MANAGERS:

45U Vertical Finger Managers come in single and double-sided options and are available in four widths. The ABS plastic fingers align with each rack-mount unit. Snap on hinging covers are included and swing open right or left. The manager has pass through grommets which allow cables to pass easily front-to-rear. The vertical cable managers ship unassembled in compact packaging to reduce shipping costs and storage space. The manager bolts to the side of most standard 2 or 4 post racks. Constructed of high-strength aluminum and easy to assemble.

#### Key Features:

- Quick assembly design
- Compact flat packaging for reduced shipping cost, less storage, and easier to handle
- Finger openings align with rack-mount rack
- Cable finger guides protect cables as they enter and exit the manager
- Pass through grommet openings allow easy front-to-rear cabling
- Snap on covers secure and protect cables
- Covers swing open right or left

SVCM8404-SS-F-BK	VERTICAL MGR, SINGLE SIDED, 7FT, 4.00"W, 9.00"D, 1U FINGERS W/COVERS, UNASSEMBLED, BLACK
SVCM8406-SS-F-BK	VERTICAL MGR, SINGLE SIDED, 7FT, 6.00"W, 9.00"D, 1U FINGERS W/COVERS, UNASSEMBLED, BLACK
SVCM8408-SS-F-BK	VERTICAL MGR, SINGLE SIDED, 7FT, 8.00"W, 9.00"D, 1U FINGERS W/COVERS, UNASSEMBLED, BLACK
SVCM8410-SS-F-BK	VERTICAL MGR, SINGLE SIDED, 7FT, 10.00"W, 9.00"D, 1U FINGERS W/COVERS, UNASSEMBLED, BLACK
SVCM8404-DS-FF-BK	VERTICAL MGR, DOUBLE SIDED, 7FT, 4.00"W, 21.92"D, 1U FINGERS W/COVERS, UNASSEMBLED, BLACK
SVCM8406-DS-FF-BK	VERTICAL MGR, DOUBLE SIDED, 7FT, 6.00"W, 21.92"D, 1U FINGERS W/COVERS, UNASSEMBLED, BLACK
SVCM8408-DS-FF-BK	VERTICAL MGR, DOUBLE SIDED, 7FT, 8.00"W, 21.92"D, 1U FINGERS W/COVERS, UNASSEMBLED, BLACK
SVCM8410-DS-FF-BK	VERTICAL MGR, DOUBLE SIDED, 7FT, 10.00"W, 21.92"D, 1U FINGERS W/COVERS, UNASSEMBLED, BLACK

**VERTICAL CABLE MANAGERS (continued):**

**SWING GATE LATCH MANAGERS:**

The metal latch gates swing up and lock down securely. Managers come in single and double-sided options and are available in four widths. The manager has pass through grommets which allow cables to pass easily front-to-rear. It bolts directly to the side of most standard 2 or 4 post racks. Constructed of high-strength aluminum.

**Key Features:**

- Provides open, easy rack cable management
- Single or double-sided sections
- Metal latch gates swing up and lock down securely
- Pass-through hole grommets included
- Ships fully assembled in one box

<b>SVCM8406-DS-SG-BK</b>	VERTICAL MGR, DOUBLE SIDED, 7FT, 6.00"W, 6.38"D, LATCHING SWING GATE, BLACK
<b>SVCM8408-DS-SG-BK</b>	VERTICAL MGR, DOUBLE SIDED, 7FT, 8.00"W, 6.38"D, LATCHING SWING GATE, BLACK
<b>SVCM8410-DS-SG-BK</b>	VERTICAL MGR, DOUBLE SIDED, 7FT 10.00"W, 6.38"D, LATCHING SWING GATE, BLACK

**COMBINATION MANAGERS:**

The vertical combination managers hold and help organize and manage cabling entering and exiting the rack. The manager is double-sided with the front side featuring ABS plastic finger cable guides with snap on hinging covers while the back provides latching swing gates. The ABS plastic fingers align with each rack-mount unit, while the open rear cabling section provides easy rack cable management. The manager bolts to the side of most standard 2 or 4 post racks. Constructed of high-strength aluminum.

**Key Features:**

- Finger openings align with rack-mount rack
- Cable finger guides protect cables as they enter and exit the manager
- Pass through grommet openings allow easy front-to-rear cabling
- Snap on covers secure and protect cables
- Covers swing open right or left
- Provides open, easy rack cable management
- Metal latch gates swing up and lock down securely
